

This could be shown thus (incorrectly)

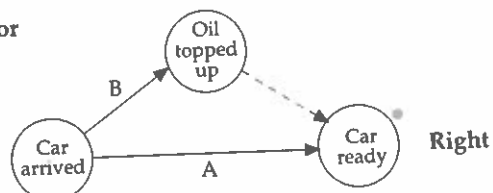

**NB.** This is wrong because it contravenes rule (b) para 5.

By the use of a dummy activity it could be shown thus (correctly)

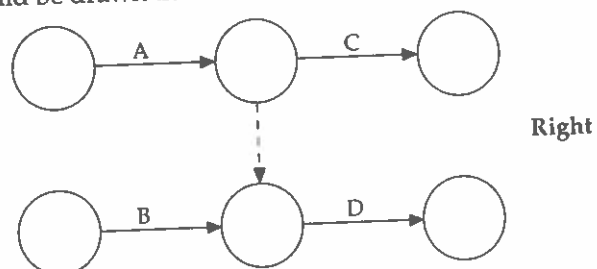

or

Further dummy example. Assume that part of a network involves a man lighting a cigarette. The activities involved, and their relationships are assumed to be as follows.

Activity	Preceding activity (Relates to earlier part of network)
A – Remove cigarette from case	A
C – Put cigarette case away	(Relates to earlier part of network)
B – Strike match	A, B
D – Light cigarette	

The network could be drawn thus

If the network had been drawn as follows it would have been incorrect.
